

About Us

Girodisc is a privately-owned 19-year old company that designs, manufactures, markets and distributes two-piece brake rotors for a wide range of performance and racing vehicles worldwide. We got our start manufacturing brake components for Ferraris and have expanded to most all high-performance vehicles, from Evos and Porsches to Mustangs and McLarens.

We are a 100% US sourced/based manufacturer focused on quality products, customer service and our employees.

Since bringing manufacturing processes in house in late 2010 we have been growing at a rapid pace and are looking for intelligent, driven, and amicable employees who are willing to have a strong commitment to quality, efficiency, and the growth of an excellent company.

We are located in beautiful Bellingham, WA. [Click here to learn more about Bellingham](#)
